

CONNEXISS MTP(8)/LCD Front Access Cassette CF4 OM5

CF4 - Preterminated Cassette with front access 8 x 50/125 OM5, MTP(8)m/LC Duplex, type UW, ULL

CONNEXISS MTP(8)/LCD FRONT ACCESS CF4 OM5 cassette is a high-density fiber optic module that connects 1x MTP(8) connector to 4x duplex LC connectors all located on the front side with 8x OM5 multimode fibers and is designed for installation in the CONNEXISS High Density Fiber Patch Panel.

The front access cassette simplifies and optimizes cable management inside the frame in some applications.

Up to 4 cassettes CF4 can be installed per blade of the CONNEXISS Panel.

SPECIFICATION

Cassette Fiber Type	OM5 MM
Cassette Fiber Count	8
Cassette Connector A	8F MTP
Cassette Connector B	2F LCD
Cassette Polarity	Type UW
Cassette Insertion Loss	0,35 dB max.
Cassette Return Loss	35 dB min.
Weight	93 g
Material	Plastic
Colour	Black
Operating Temperature	-10 to 50°C
Storage Temperature	-20 to 60°C

Part Numbers

C52819A120	CF4 - Preterminated Cassette with front access 8 x 50/125 OM5, MTP(8)m/LC Duplex, type UW, ULL
